

IT'S TIME TO REDEFINE MOBILE PRODUCTIVITY

The X Series with Windows 10 Pro takes versatility and security to the next level.

Lenovo and Windows 10 Pro bring flexible, reliable innovation that enables newer, smarter ways to work just about anywhere.

All-Purpose Performance Laptops

Lenovo ThinkPad laptops deliver nonstop productivity and reliable features that keep you ready for any task, anywhere. Combined with Windows 10 Pro, Lenovo's all-purpose laptops provide a thoughtful design and feature set as well as military-grade durability to help you meet the strictest computing challenges.

Tablet Convenience, PC Experience

ThinkPad tablets unite full-sized performance, comprehensive functionality, and true mobility to redefine 24/7 computing. Windows 10 Pro was built to help users do more with confidence. ThinkPad tablets deliver that same flexibility and dependability to help you create and collaborate on your own terms.

Powerful and Reliable, Anywhere

Whether you need long battery life, blazing fast file-load times, or bootups that take just seconds, ThinkPad delivers powerful performance. Convenient side docking on our newest models lets you connect to monitors, speakers, and more with a quick snap, at no sacrifice to weight or thinness.

WHY X SERIES?

For years, the X Series of products from Lenovo has been the favorite of business travelers everywhere. Built to withstand even the most extreme of conditions, X Series laptops can handle anything thrown their way. And now, equipped with ThinkShield, the Intel® vPro™ platform, and Windows 10 Pro, these modern Lenovo devices have raised the bar when it comes to providing mobile strength and security for your business.

Windows 10: Make the Shift

Powered by the Intel® Core™ i7 Processor with the Intel® vPro™ Platform

Lenovo

THINKPAD X SERIES

A Powerful, Flexible Platform for Small Business

Small Businesses face threats from all directions. But, are you properly equipped to handle them? With the Intel® vPro™ platform, you get a security punch that's guaranteed to knock out even the most advanced attacks. Best of all, these services come standard on X Series products.

The Intel® vPro™ platform benefits:

- Improved stability
- Endpoint security features
- Powerful remote PC management
- And more

Your Work, Your Way: Solutions that Adapt to Every Need

Big change can drive bigger ideas, but it starts with technology you can trust. Lenovo's products with Windows 10 Pro deliver future-ready productivity built on a foundation of legendary dependability and value. We are dedicated to maintaining the most comprehensive technology portfolio on the market, giving you tools that help you do more.
